PETITION FOR RULE MAKING

Fursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 293A at Cranfills Gap, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 293A to Cranfills Gap, Texas as that community's first local FM service. Cranfills Gap, Texas is an incorporated city with a population of 335 people. As of the last quarter of 2000, 25 businesses in Cranfills Gap, Texas had been given a credit rating by Dun & Bradstreet according to the 2002/2003 Texas Almanac. Cranfills Gap has its own mayor, David Whitte, its own post office, volunteer fire department, city offices, the Cranfills Gap public schools and a number of local churches. Cranfills Gap is a community that is certainly deserving of local FM service. The proposed channel 293A will provide additional diversity and an outlet for local self-expression to Cranfills Gap residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 293A can be allocated to Cranfills Gap, Texas,

² City of Granfills Gap, Texas (254) 597-2756.

³ Cranfills Gap, Texas public schools (254) 597-2225.

consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

Should this petition be granted and Channel 293A be allotted to Cranfills Gap, Texas, Petitioner will apply for Channel 293A at Cranfills Gap and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

⁴ Channel 293A is in conflict with Channel 294C, Granbury, Texas. However, in MM Docket No. 98-198, 15 FCC Rcd (2000), Channel 296C1 was substituted for Channel 294C at Granbury and reallotted to Benbrook, Texas (BPH-200000919ABQ). The effective date for the Report and Order in MM Docket No. 98-198 was May 4, 2000.
